

4R Voucher Program Reporting

Submit by March 1, or within 30 days of implementing a practice for cost-share

SUBMIT THE FOLLOWING

- Proof of the planned activity reported on the Voucher Enrollment Form. If practices are planned on multiple fields, report them separately. Include any associated documents that demonstrate what planning activity took place.
- Field GPS coordinates or physical address.
- A map (FSA map, application map, etc.) showing field boundaries.
- If the farmer plans to implement the planned activity, a W-9 for the farmer.
- The completed form below.

PLEASE NOTE

- This data can be used by the Mid-Atlantic 4R Nutrient Stewardship Association for project reporting and presentations. Only aggregated or anonymized data will be used; no individual farmer data will be shared.
- The **\$1,000 voucher** will be paid to the agribusiness once the Voucher Final Reporting Form is collected and confirmed complete.
- If farmers plan to implement the new practice, the **cost-share per acre** will be paid to the farmer and the **\$500 data reporting payment** will be paid to the agribusiness once all data is collected, confirmed complete, and the grant pays MA4R.
- Vouchers and cost-share are funded by the 2024 National Fish and Wildlife Foundation Innovative Nutrient and Sediment Reduction Grant with partner match.
- Contact Jenell McHenry at midatlantic4r@gmail.com or [443-262-6969](tel:443-262-6969) with questions, concerns, and for submission.
